These Rules and Regulations are designed for the mutual benefit of all Owners. All Rules and Regulations shall apply to and be binding upon all Owners. Notwithstanding the foregoing, the Rules and Regulations shall not apply to Declarant or Declarant's agents, employees or contractors or to Lots or Homes owned by Declarant until they are conveyed to Owners. All initial capitalized terms used herein, but not defined, shall have the meaning given to such terms as set forth in the Declaration of Covenants, Restrictions and Easements for Stonecreek, as amended and/or supplemented from time to time (the "Declaration").

1. **Responsibility.** With respect to compliance with the Rules and Regulations, an Owner shall be held responsible for the actions of such Owner, and such Owner's family members, guests, invitees, tenants, contractors and other persons for whom Owner is responsible, as well as for the actions of persons over whom Owner exercises control and supervision.
2. **Observance of Governmental Requirements.** All applicable laws, ordinances, codes, orders, rules, regulations and requirements of all governmental bodies having jurisdiction (collectively, "Governmental Requirements") shall be observed. Violations of any Governmental Requirements relating to the Association Property or any Lot or Home shall be corrected by, and at the sole expense of, the responsible Owner and, as appropriate, the violator.
3. **Improper Use.** No improper, hazardous or unlawful use shall be made of the Association Property or any Home or Lot.
4. **Nuisance.** No obnoxious activity shall be carried on at any Home or Lot or in or about any portion of the Community. Nothing shall be done which may be an unreasonable annoyance or a nuisance to any other Owner or which interferes with the peaceful possession or proper use of the Homes or the surrounding areas. Nothing shall be done within the Association Property or any Home or Lot which tends to cause embarrassment, discomfort, unreasonable annoyance or nuisance to any Owner or such Owner's family members, guests, invitees and tenants using any portion of the Community.
5. **Disturbance.** No loud noises or noxious odors shall be permitted. None of the following shall be located, used or placed on any Lot or inside any Home, or exposed to other Owners without the prior written approval of the Board of Directors (the "Board"): (a) horns, whistles, bells or other sound devices (other than security devices used exclusively for security purposes); (b) noisy vehicles, power equipment, power tools or off-road motor vehicles; or (c) any items which may unreasonably interfere with television or radio reception. Owners shall not operate radios, televisions, musical instruments or any other noise producing items at times or at volume levels which shall disturb others.
6. **Violations.** Violations of any Rule or Regulation shall subject the responsible Owner and/or violator to any and all remedies available to the Association pursuant to the Declaration, the Rules and Regulations or Section 720 of the Florida Statutes ("the HOA Act"). All violations of any of the Rules and Regulations should be reported immediately to the Board or its designees. Violations shall be called to the attention of the responsible Owner(s) and, as appropriate, the violator(s) by the Board or its designees in writing. Disagreements concerning violations shall be presented to and be ruled upon by the Board or its designees in accordance with the Declaration and the HOA Act.
7. **Enforcement.** Failure of an Owner to comply with any Rule or Regulation adopted by the Association shall be grounds for action which may include an action to recover sums due for damages, injunctive relief or any combination thereof. In addition to all other remedies for failure to comply with any Rule or Regulation, the Association may suspend any or all of the rights of an Owner or an Owner's tenants, guests or invitees to use the Association Property and facilities (including, without limitation, the Recreation Tract) as provided in the Declaration. In any actions, the Association shall be entitled to recover any and all court costs incurred by it, together with reasonable attorney's fees, against the responsible Owner(s) and, as appropriate, any violator(s). In addition, and in the sole discretion of the Board, fines may be imposed upon an Owner for failure to comply with any Rule or Regulation. Procedures for the impositions of fines are spelled out in the Declaration and the HOA Act.
8. **Revocation.** Any waivers of the Rules and Regulations and/or consents or approvals in violation of the Rules and Regulations given by the Board shall be revocable at any time and shall not be considered as a waiver, consent or approval of identical or similar situations unless set forth in writing by the Board.

ADDITIONS AND ALTERATIONS

As provided in the Declaration, no Owner shall make any improvement, addition or alteration to such Owner's Lot or the exterior of such Owner's Home without the prior written approval of the Architectural Control Committee ("Committee"). All requests for Committee approval of any Improvement (as defined below) must be on the form designated for this purpose by and available from the Association. No changes shall be commenced until such time as the Owner is in receipt of written approval from the Committee.

ARCHITECTURAL CONTROL COMMITTEE ("COMMITTEE"):

All exterior improvements, additions, modifications, decorations or alterations to the Lot or Home (the "Improvement") shall be reviewed by and have written approval given by the Committee. The Committee shall require the submission of plans and specifications showing the materials, color, structure, dimensions and location of the proposed Improvement in sufficient detail to assure compliance with any criteria established for approvals. Submissions shall be accompanied by justification or reasoning for the Improvement and the security deposit, if any, required by the Board to cover the costs of incidental damage caused to Association Property or to an adjacent Lot or Home by virtue of an Owner's construction of improvements, additions or alterations to such Owner's Lot or exterior of the Home. Notwithstanding any criteria established, the Committee shall in its discretion determine whether the Improvement shall be in harmony with or detrimental to the appearance of the Community. The Committee shall approve or disapprove the request within 45 days from receipt of all requested submission plans and materials. In the event the Committee fails to approve or disapprove a request in writing within 45 days of receipt of all requested plans, materials and information, unless a request is specifically deferred, the request shall automatically be deemed disapproved. The Committee shall employ the following minimum criteria for approval or rejection of requests:

- (i) Uniformity of type and design in relation to similar improvements.
- (ii) Comparability of quality of materials as used in existing improvements.
- (iii) Uniformity with respect to color, size and location.
- (iv) Consistency with municipal requirements.

If approved by the Committee, all construction shall be subject to the terms and conditions set forth in the Declaration, the Rules and Regulations, and any applicable Governmental Requirements, including, without limitation, obtaining all proper permits.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS - FENCES

Without limiting the generality of the criteria included on Page 2 of these Rules and Regulations and without curtailing the right of the Committee or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for fences. Note that, even in the event of strict compliance with the following guidelines, prior approval from the Committee shall be required for each and every fence installation:

1. Aluminum rail fencing in bronze only shall be the only permissible type of fencing on the Lots within the Community. No fence shall be approved which is not at least 4' in height. Fence heights shall not exceed six (6') feet, with pickets spaced no closer than three (3") inches on center and no thicker than one (1") inch, unless otherwise required by the Governmental Requirements. Notwithstanding anything to the contrary in this Declaration, such aluminum rail picket fence is the only type of fence which the Committee may approve for installation.
2. No style of wood, PVC or chain link fence shall be approved.
3. The Association may require in its sole discretion the planting of landscaping in conjunction with the installation of a fence.
4. Except as expressly permitted in the Declaration and/or these Rules and Regulations, no fence shall be approved or installed which encroaches into Association Property or other Lots, lake maintenance easements, lake maintenance access easements, buffer areas, drainage easements, wetland mitigation areas, preserve tracts, conservation areas and/or wetland areas.
5. No fence shall be approved which is not set back a minimum of 10' back from the front wall of the Home and at least 5' back from the sidewalk where applicable. No fences shall be attached to a neighbor's home. In considering requests for fence installations, the following may be taken into consideration: locations of air conditioning units; locations of garage access doors; and positions of adjacent Homes.
6. No fence shall be approved which extends in front of the front corner of a neighbor's Home where the two Homes are immediately adjacent to each other and where both Homes face the same direction. The Fence Restricted Areas include (a) the area between the front of a Home and Street, Drive or Roadway at the front of the Lot on which the Home is situated, (b) any utility easement, and/or (c) any Lake Maintenance Easement.
7. For fences installed on corner Lots whose rear property line is common with the adjacent Lot's side property line and/or whose side property line is adjacent to or visible from a road, a landscape hedge must be installed on the outer side of the fence within the Lot to provide screening. 8. No fence shall be approved which does not provide access to the Owner's neighbor for maintenance of the neighbor's zero lot line wall and roof overhang, if possible. All fences to be installed along the "non-zero lot line" side of a "zero lot line" Lot shall require a gate to provide access to the Owner's neighbor for maintenance of the neighbor's "zero lot line" wall and roof overhang.
9. For any fence, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if that fence is erected on or adjacent to a lot line common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.

11. For any fence, if approved, the Owner shall be responsible to meet all County requirements and criteria including, but not limited to, proper permitting and surveying.
12. For any fence, if approved, the Owner shall assume the responsibility to maintain the fence, including trimming any grass or other plants from the fence.
13. Except as otherwise provided in the Declaration, no fence shall be approved which: (i) attaches to the boundary or perimeter fence or wall located within any Buffer, Landscaped Area or Grassed Area or other Association Property; or (ii) would otherwise fence-in or enclose any portion of any Buffer, Landscaped Area, Grassed Area or other Association Property.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS -FENCES (continued)

14. In accordance with the Declaration, an Owner who elects to install a fence on any portion of such Owner's Lot shall be required to install access gates in locations approved by the Committee which provide adequate and sufficient access to the Association to perform the maintenance obligations. Such locations shall include the front and both sides of the Lot. In the event that access to any portion of a Lot by the Association becomes inaccessible or is impeded in any manner, the Owner of such Lot shall assume the full the responsibility for the maintenance and care of the lawn and landscaping located within that portion of the Lot which is inaccessible to the Association, and the Association shall have no further responsibility to do so as long as the Lot remains inaccessible or access is impeded. This maintenance includes, by way of example and not limitation, cutting of the grass, maintaining of the irrigation system, fertilization, spraying, mulching, edging and replacement of sod. There shall be no reduction in the Association assessments for the Owner in return for the preceding maintenance obligation assumed by the Owner. In addition, Owners of a Lot to which access by the Association is impeded shall be responsible to cutting and maintenance of any hedge located with Association Property which is immediately adjacent to such Owner's Lot.
15. To the extent a hedge is required to be installed as part of the fence approval issued by the Committee, or in the event an Owner desires to install a hedge in lieu of a fence, such hedge shall be subject to the same rules as fences as provided herein and must comply with all fencing guidelines contained within the Stonecreek Documents, including, without limitation, rules regarding providing access along the front and sides of the Lot for access by the Association to perform the Association's maintenance obligations, and any and all height and location restrictions.

ADDITIONAL GUIDELINES FOR ADDITIONS AND ALTERATIONS · PERMANENT GENERATORS

Without limiting the generality of the criteria included in these Rules and Regulations and without curtailing the right of the Committee or the Board in rejecting certain requests or employing judgment in evaluating requests, the following guidelines shall be considered when evaluating requests for a permanent emergency generator and any underground propane storage tank and other appurtenances applicable to the permanent generator (collectively, a "Generator System"). Note that, even in the event of strict compliance with the following guidelines, prior approval from the Committee shall be required for each and every installation of a Generator System on a Lot:

1. **Location.** No above-ground portions of a Generator System shall be permitted to be installed within any portion of the front yard of a Lot. No portion of a Generator System shall encroach onto: (a) any Association Property, (b) any other Lot in the Community, (c) any easements benefiting or burdening the Lot including, without limitation, utility easements, drainage easements, lake maintenance easements, fence and hedge easements, wall and hedge easements, zero lot line maintenance and roof overhang and encroachment easements, or (d) drainage swales on the Lot. In addition to the foregoing, the locations of the various components of the Generator System shall otherwise comply with all Governmental Requirements. The location of the Generator System shall also comply with all applicable setback requirements.
2. **Applications; Submittals.** All applications for Generator Systems shall include, in addition to other standard information: (a) the make, model, propane capacity and sound level ratings for all components of the Generator System, and (b) an indemnification and hold harmless agreement from the Owner(s) of the Lot in favor of the Association, the Committee and all other Owners. With the application for installation of a Generator System, the Owner shall be required to submit a survey to the Committee showing the general location and placement of all components of the Generator System, including any underground propane storage tank. The survey shall depict (i) the location of all components of the Generator System including, without limitation, the storage tank and the distances from the Home on the Lot and the Home(s) adjacent to the Lot on the side(s) where the Generator System or any portion thereof is to be installed, (ii) the size and layout of the slab that the physical generator will be installed on, (iii) the location of all easements and applicable setbacks affecting the Lot to show that no portion of the Generator System encroaches thereon, and (iv) the location and size and species of any screening to be installed to screen the above-ground portions of the Generator System as required below.
3. **Screening.** Generators shall at all times be screened from view by all adjacent Lot Owners and from the street. Screening may include the use of fences, walls or hedges, or a combination thereof, as determined by the Committee. Owner shall be required to submit a landscaping/screening plan to show proper screening of the Generator. Owner shall be responsible to maintain, repair and replace from time to time any fence, wall and/or hedges which may be approved as part of the screening requirements for the Generator System.
4. **Compliance with Governmental Requirements.** For any Generator System approved by the Committee, the Owner shall at all times be responsible to comply with all Governmental Requirements relating to the installation and use of the Generator System including, without limitation, applicable set-back requirements and maximum sound level restrictions. In that regard, all approvals for a Generator System shall require the Owner to obtain all necessary building permits and other approvals required by the Governmental Requirements. Regardless of an approval by the Committee, no Generator System may be installed or used without such building permits and approvals. No portion of an Owner's Security Deposit shall be returned to an Owner unless and until evidence satisfactory to the Committee of such compliance with Governmental Requirements has been delivered to the Committee.
5. **Underground Propane Tanks and Plumbing.** A licensed and insured LP gas contractor must be used to install any underground propane tank and any necessary plumbing.
6. **Maintenance.** All Generator Systems must be regularly and properly maintained, repaired and replaced, as applicable, by the Owner of the Lot on which such Generator System is installed.
7. **Required Removals.** For any Generator System, if approved, the Owner shall be responsible for the costs associated with any required removal, repair and/or replacement if the Generator System is erected on or adjacent to a lot line common with a Lot where the house is not yet under construction or, if under construction, not yet closed to the new Owner.
8. **Limitations.** Not all Lots in the Community may be able to have Generator System installed thereon due to, among other things, the Governmental Requirements, applicable set back requirements, location of easements and the configuration of the Lot. Accordingly, even if an application for a Generator System is approved by the Committee, there is no guarantee that a particular Lot will accommodate a Generator System thereon. Accordingly, each

Owner shall be responsible to confirm that their Lot can accommodate a Generator System prior to making application to the Committee and/or applying for any necessary permits and approvals.

TRAMPOLINES

These Rules and Regulations regarding the use and location of trampolines are designed for the mutual benefit of all Owners. The mere fact that the Association has established rules regarding the use of trampolines on privately owned Lots should not be read, viewed, understood or taken as Association approval of the use or placement of any trampoline. These rules regarding trampolines are in addition to the Additional Guidelines for Additions and Alterations titled "Play Equipment".

1. **Approval.** No trampoline shall be installed or otherwise placed on the Lot of any Owner without the Owner first submitting an application and receiving approval from the Committee. All applications for a trampoline shall include, in addition to other standard information (a) the make, model and specifications of the trampoline, (b) a picture of the proposed trampoline, (c) the intended designated location for placement of the trampoline on the Lot, and (d) such other requirements as may be set out herein, and/or as requested by the Committee and/or the Board. The Committee, in its sole discretion, may, upon application of any Owner in accordance with this Rule, permit the trampoline to be placed on the Owner's Lot. Each submission will be evaluated separately, on a case by case basis. The approval by the Committee of placement of a trampoline on an Owner's Lot does not prohibit the Board or Committee from denying the placement of a trampoline on another Owner's Lot under similar circumstances. All Committee approvals are and shall remain contingent upon each Owner ensuring that upon issuance of a tropical storm, hurricane or severe weather watch or warning, the approved trampoline will be stored indoors.
2. **Trampoline Materials.** All trampolines must be constructed with heavy duty steel tubing and must not show rust on the exterior. All trampolines must include a fixed safety net designed to prevent a user from falling off the trampoline. All trampolines must be capable of being stored indoors.
3. **Dangerous Activity; Hold Harmless.** By submitting a request to the Committee to review and approve the placement of a trampoline on a Lot, the Owner shall be deemed to have automatically recognized and agreed that use of a trampoline is an inherently dangerous activity, and the Committee's approval of the placement of the trampoline is in no way an indication of acceptance of responsibility for, or liability by, the Association. By submitting such request to the Committee, the Owner shall be deemed to have automatically agreed, by virtue of such request, to release, hold harmless and indemnify the Association and its officers, directors and members, the Committee and its members, and the Declarant for any and all claims, damages, losses, judgments, liabilities, injuries (including personal injuries and/or death), fees, costs, and expenses including, without limitation, reasonable attorneys' fees, expert fees, and costs at all trial, appellate and post-judgment levels and proceedings arising from or related to the use and/or placement of the trampoline.
4. **Trampoline Use.** Use of a trampoline by anyone under the age of eighteen (18) is prohibited without adult supervision. No trampoline may be used unless a fixed safety net is properly installed and in use.
5. **Trampoline Placement.** The placement and use of a trampoline is only permitted in the back yard of the Lot. No trampoline is, or shall be, permitted on a Lot that is not completely fenced in. No trampoline shall be located within any required setback, and/or easement including, but not limited to, the lake maintenance, utility, drainage or access easements.
6. **No Maintenance/Replacement of Sod under Trampoline.** By submitting a request to the Committee to review and approve the placement of a trampoline on a Lot, the Owner shall be deemed to automatically agree that the Association shall not have any responsibility for the maintenance and care, mowing, fertilization, repair and/or replacement of sod located under the trampoline, all such responsibilities thereafter being the responsibility of the Owner of the Lot.
7. **Remedies.** In the event the Owner does not properly care for or otherwise maintain the approved trampoline and the area immediately adjacent to and/or under the approved trampoline, then, after *five* (5) business days written notice sent to the Owner, the Association shall have the right, but not the obligation, to remove the approved trampoline from the Owner's Lot and dispose of the removed trampoline in a proper trash receptacle and/or the Association may perform such lawn care maintenance around and under the trampoline and charge the Owner for such service. In that regard, all fees and costs related to the enforcement of these rules and regulations including, without limitation, attorneys' fees, trash disposal, and lawn maintenance and care, shall be collectible from the Owner by the Association in a manner similar to Assessments including, without limitation, the right to lien and foreclose the Owner's Lot.

Any removable tracks which have been installed by Declarant or approved by the Committee as part of a hurricane shutter package shall not remain installed on a Home other than during periods of a hurricane watch or a hurricane warning. An Owner shall remove any removable type of hurricane shutters attached to the Home immediately after a hurricane watch or a hurricane warning has been lifted. No landscaping shall be installed on Lake Lots which shall materially interfere with the view of the lake by the immediate neighbor who is also a Lake Lot Owner. Approval by the Committee for landscaping on a Lake Lot may be conditioned upon the Owner agreeing to trim such hedge(s) should the hedge(s) later be found to create a material obstruction of a lake view. In the event the Owner fails to trim the obstructing hedge(s) within fourteen (14) days following receipt of written notice by the Association to do so, then the Association shall have the right, but not the obligation, to trim such hedge(s). The costs associated with such hedge trimming performed by the Association will be charged as an assessment against the Owner's Lot.
8. Alteration of Drainage. No sod, top soil, fill or muck shall be removed from Lots without the prior written consent of the Committee.
